Book of the Week

If you enjoyed *The Maze Runner*, then this is another book from best selling author James Dashner

From James Dashner, the author of the *New York Times* bestselling *Maze Runner* series, comes an edge-of-your seat adventure. *The Eye of Minds* is the first book in The Mortality Doctrine, a series set in a world of hyperadvanced technology, cyberterrorists, and gaming beyond your wildest dreams . . . and your worst nightmares.

To catch a hacker, you need a hacker.

For Michael and the other gamers, the VirtNet can make your wildest fantasies become real. And the more hacking skills you have, the more fun. Who wants to play by the rules anyway?

But some rules were made for a reason. One gamer has been taking people hostage inside the VirtNet with horrific

consequences.

The government needs Michael to track down the rogue gamer, but the risk is enormous and the line between game and reality could be blurred forever . . .
